

<b>Workshop Title</b>	<b>Costing Systems</b>
<b>Workshop Description</b>	Delegates will be introduced to the key concepts involved in cost analysis and how these may best be applied practically within the work environment. They will be able to provide valuable insight into both the functions of the purchasing management and general management and explain what influence cost analysis would have on a business. Delegates will be able to plan and implement strategies that create value for both internal and external stakeholders and learn how supply chain management can have an impact on cost analysis methodologies and implementation strategies for a firm.
<b>Admission Requirements</b>	<ul style="list-style-type: none"> <li>• Must be at least twenty three years of age.</li> <li>• Must be in possession of a matric certificate or the mature age exemption procedure will apply.</li> </ul>
