

Workshop Title	Managing Taxation
Workshop Description	Every entity within South Africa is expected to be familiar with and adhere to tax regulations. This workshop provides knowledge and understanding of the different types of tax instruments such as PAYE, SITE, Company Tax and provisional tax. It is pivotal that an organisation adapts its systems and procedures to mitigate any deviations from this expected requirements. The workshop also looks at how to set up UIF, Workmen's Compensation and how to manage and claim.
