

Workshop Title	Principles of Financial Management
Workshop Description	This workshop has been designed to provide non accounting persons with a knowledge and understanding of financial principles and the objectives of accounting. Delegates will learn how to read, understand and interpret financial statements and develop a basic understanding on how to go about drawing up financial statements. The workshop provides knowledge of analysis of Annual Financial Statements. An important aspect of financial accounting is risk and this is covered as a concept in relation to return. Other learning outcomes that are covered are cost of capital, and the fundamental understanding of drawing budgets and cash flow statements.
Admission Requirements	<ul style="list-style-type: none"> • Must be at least twenty three years of age. • Must be in possession of a matric certificate or the mature age exemption procedure will apply.
